

# Summary of Resource condition targets (RCT's)

Extract from Natural Resources Management Plan for the SA Murray Darling Basin 2014

Water		
	<p><b>Vision</b></p> <p>Water resources that are healthy, valued and supporting of communities and thriving ecosystems</p>	<p><b>Resource condition targets</b></p> <p>W1: All water resources are managed sustainably by 2030</p> <p>W2: Improve water quality to meet regional water needs by 2030</p> <p>W3: Water is available and managed to enhance and maintain the ecological function and resilience of water dependent ecosystems by 2030</p>
Biodiversity		
	<p><b>Vision</b></p> <p>A healthy and ecologically productive environment that sustains biodiversity and is valued by the community</p>	<p><b>Resource condition targets</b></p> <p>B1: Increase the ecological function and resilience of native ecosystems by 2030</p> <p>B2: Native species and ecological communities at lower or no greater risk of extinction by 2030</p>
Land		
	<p><b>Vision</b></p> <p>Sustainable, productive landscapes</p>	<p><b>Resource condition targets</b></p> <p>L1: Protect and improve soil and land to support the productive capacity and natural resources of the region by 2030</p>
Atmosphere		
	<p><b>Vision</b></p> <p>A clean and healthy atmosphere with effective adaptation to climate change</p>	<p><b>Resource condition targets</b></p> <p>A1: Reduce net greenhouse gas emissions in the SA Murray-Darling Basin in line with state targets by 2030</p> <p>A2: All natural resource managers have the capacity to adapt to climate change impacts by 2030</p>
People		
	<p><b>Vision</b></p> <p>Communities contributing to the management of natural resources</p>	<p><b>Resource condition targets</b></p> <p>P1: People have the capacity to manage natural resources sustainably by 2030</p> <p>P2: Increase protection and preservation of Aboriginal culture through participation of Aboriginal people by 2030</p> <p>P3: All planning, policy and investment decisions consider natural resources management (ecological, social and economic) by 2030</p>
