

**Notice of intent to revoke the proclamation of underground water in the
Noora Proclaimed Region, pursuant to section 125 of the *Natural
Resources Management Act 2004***

I, Ian Hunter, Minister for Sustainability, Environment and Conservation in the State of South Australia, hereby give notice that I propose to recommend to the Governor that he revoke by regulation, pursuant to section 125 of the *Natural Resources Management Act 2004*, the proclamation of the *Noora Proclaimed Region*, published in the Gazette on 9 January 1986.

It is proposed to revoke the proclamation of the Noora Proclaimed Region (also known as the Noora Prescribed Wells Area) because it is no longer necessary for the proper management of the resource to which it applies. This is because the purposes of the *Water Allocation Plan for the Noora Prescribed Wells Area* are proposed to be achieved through amendments to the water management provisions of the *South Australian Murray Darling Basin Natural Resources Management Plan*.

I invite all interested persons to make written submissions to me in relation to this proposal. The closing date for submissions is 24 February 2017.

All submissions and enquires should be addressed to:

The Hon Ian Hunter MLC
Minister for Sustainability, Environment and Conservation
