

South Australia's Biomes

Under the 'No Species Loss - A Biodiversity Strategy for South Australia 2006 - 2016', the IBRA and IMCRA bioregions are combined into the Arid, Mediterranean and Marine biomes.

Each biome represents a greatly simplified but biogeographically unique collation of ecological communities with different patterns in climate, land use, vegetation, habitat (extent, destruction and modification) and threats to biodiversity. They thus give a broad, user-friendly context for discussing biodiversity conservation and management issues.

For further information

Public enquiries

For more local information on any of the species in this resource please contact your nearest Natural Resource Centre office on:

Eastwood: (08) 8273 9100

Gawler: (08) 8523 7700

Lobethal: (08) 8389 5900

Willunga: (08) 8550 3400

Education enquiries

For teachers wanting more information about environmental education resources and opportunities please contact the relevant NRM Education sub regional team on:

Northern Adelaide: (08) 8406 8289

Barossa: (08) 8563 8436

Central Adelaide: (08) 8234 7255

Southern Adelaide: (08) 8384 0176

Southern Fleurieu: (08) 8551 0524
