

# Adelaide International Bird Sanctuary

**Vision:** Protecting Nature, Providing Opportunities for People.

**Result:** The Adelaide International Bird Sanctuary is a place where people and nature are thriving - through connecting to nature, country and each other.

**The Collective:** The leadership roundtable for the Adelaide International Bird Sanctuary is coined The Collective. The group consists of 35 members from across various groups and organisations and supported by the South Australian Government. The members are passionate about embracing a positive future for the Adelaide International Bird Sanctuary. The Collective have been building a story for the north of Adelaide that will continue to draw on strengths and wisdom of our Kurna, Vietnamese and coastal communities while also bringing the critical job of nurturing our environment and shorebirds to the front of mind.
