Edible Soil Profile
A fun way to reinforce soil learnings

Equipment/Materials:
- Plastic cups
- Popcorn – R (bedrock)
- Sliced rock melon – B (subsoil)
- Sliced apple – E (eluviated horizon)
- Sliced watermelon – A (topsoil)
- Green and brown coconut for grass and twigs - O (humus or organic)

Build your edible profile from the bottom of the cup up to the top.

Now it’s time to eat it!
